[illegible]

ANY natural and normal circulation of the blood is health. An abnormal that is to say an ex... deficient circulation or stagnation of the blood is disease To illustrate—torpidity of the ... caused by stagnation of the blood in that ... diseases of the kidneys, Inflammation of the ... Diseases of the Heart, &c, by the same ... Improper circulation and from the same cause spring all minor forms of disease. To ... a certain cure then for these diseases, the ... enquiry necessarily is, What causes the blood to circulate?

For centuries it has been a matter of much study ... scientific and medical men, and while many experiments have been made and much labor expended upon the enquiry it has been left to this ... amongst its other wonderful increase in ... to make this grand discovery also

Acknowledging that life is the gift of the Creator and that in Him we live and move and have our being, we still venture the remark that as the planets move in their spheres, and all vegetable life ... by certain absolute laws, so animal life ... fixed cause which remove or des... and lenth the certain effect, follows

That ... the red corpuscles of the blood show ... be compounds of iron sulphur and phosphorus.

The air we breathe we know to contain a very ... proportion of oxygen

Oxygen brought in contact with a metal evolves ... electricity

Electricity brought in contact with a muscular fiber causes it to contract

These facts being indisputable we have now the solution as to the motor or motive power of the heart. The oxygen in the air we breathe coming in contact with the iron corpuscles of the blood ... electricity which coming in contact with the heart causes it to contract, and hence the power which expels the blood and sends it tingling through the remotest arteries What then are the causes of Consumption Dropsy, Palsy, Paralysis, St Vitus' Dance Dyspepsia, Epilepsy Fever and Ague, &c, a deficiency of the red corpuscles containing the iron sulphur and phosphorus which causes a deficiency of electricity and consequently an abnormal circulation The blood becomes watery colds and bronchial complaints and prostration ensue—the sufferer becomes nervous, and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in in short, almost every type of disease but virulent fevers may be traced to a deficiency in the blood of the corpuscles or red globules.

... causes a deficiency of corpuscles, and ... we do not pretend to say that we have discovered the elixir vitae" we do say that life can ... materially prolonged by the use of the

"Blood Food,"

which restores the red globules and thus the normal circulation Consumptives! Friends of consumptives! Sufferers from any organic disease! ... unfortunates, who have by excess of the body or mind reduced the standard of the blood and diminished the red globules Ladies suffering any of the distressing ... known as female complaints be persuaded the "Blood Food" can cure you It has cured thousands ... private cases where all hope has been ... up Do not reject it do not throw away your ... hope The "Blood Food" is an unfailing remedy ... trial

... rate treatise carrying out and fully prove the theory advanced here to be correct, will be mailed to any interested party on the receipt of two cent stamps Blood Food is sold by all druggists or where it cannot be had I will send 6 bottles ... expense for $4 Price single bottle $1 ... put up in 8 oz vials in yellow wrappers—the ... in small bottles, in red wrappers having been long way with—and bears the fac simile signature of Church & Dupont upon the face of the wrapper ... Beware of counterfeits and imitations.

A Safe and Speedy Remedy

—FOR—

Coughs, Croup, Asthma, Whooping Cough, Sore Throat

and all Diseases of the Throat and Lungs

READ THE FOLLOWING

From Hon Levi Underwood, Lieutenant Governor of Vermont

Messrs E. B MAGOON & Co—I have used your WEEKS' MAGIC COMPOUND for severe colds and sore throats, and it has proved an efficient remedy It is a valuable accession to the list of remedies for colds, coughs, &c. I am, &c. yours

LEVI UNDERWOOD

Burlington Oct 8th, 1860

From Hon Joseph Poland State Senator of Vt

I have used your WEEKS' MAGIC COMPOUND in my family and have never found any remedy so effectual in curing coughs and sore throat, and other diseases of the lungs JOSEPH POLAND

Montpelier Oct. 1, 1860

From Hon Timothy Redfield, late State Senator of Vt

By using your WEEKS' MAGIC COMPOUND a short time I was entirely cured of one of the severest and most obstinate colds upon my lungs that I ever experienced I know of no remedy equal to it for coughs and lung complaints generally

TIMOTHY P REDFIELD

Montpelier, Oct 13, 1860

From Rev E B Smith D D, Principal of New Hampton Institution

The MAGIC COMPOUND which you furnished me last Spring, when I was suffering most severely from the effects of a long continued cold upon my lungs acted like a charm The first night after taking it I coughed less and slept better than for weeks before and the use of it finally removed the difficulty entirely I should use it again in preference to any medicine I have tried when similarly affected Yours truly, E B SMITH

Fairfax, Vermont, April 24, 1860

CROUP

A short time since my child was attacked most severely with the croup We thought she would not live five minutes. A single dose of WEEKS MAGIC COMPOUND relieved her at once and she has had no attack of it since I think no family should be without it M F VARNEY

A New Method for Laying Carpets!

NEATER, CHEAPER, AND FAR MORE CONVENIENT THAN TACKS.

PATENT CARPET HOOKS!

PATENTED March 22 1860 They are bright as Silver and not Liable to Rust Price Fifteen Cents per Gross. It is guaranteed of these Carpet Hooks—

That, with them, Carpets can be taken up and re laid in ten minutes, without hard work and no extra preparation of Carpets required

That they will not injure the Carpet more than Tacks

That they will hold the Carpet closely and firmly to the mop board

That ladies can use them without difficulty

That once down they can remain down without inconvenience

A neat Steel Gauge and Awl, which will enable any one to insert the Hooks expeditiously and at regular distances from the wall may be had with the Hooks, for two cents each

Hooks Fifteen Cents per Gross A liberal discount to the trade Terms cash Put up in neat Boxes of Eight Dozen Gross and in cases containing 10 boxes

These Hooks received a Diploma at the last New York State Fair

Those who try them say— We would not use Tacks if they were furnished free! The following is from the Rochester Democrat and Advertiser

"Spencer's Patent Carpet Hooks—The neat little articles ought to go into general use We have used them for two years past and find they are all they are represented to be They are cheaper than tacks in the first instance, and will last an indefinite period of time In ten minutes an ordinary sized dining room carpet can be put down after the hooks are placed and in less time than it can be taken up The hooks do not need to be removed with the carpet, but remain permanently fixed in their places

☞ A trial of them will satisfy all that they need but to be known to supersede all other methods for laying Carpets

Greatest Improvement of the Age.

The Good Samaritan!

VENTILATED OVEN.

COOKING STOVE!

We are sole Agents for BANGOR and vicinity for the celebrated Cooking Stove

GOOD SAMARITAN.

THIS STOVE was patented by Messrs. Rathbone & Co., of Albany, July 19, 1859 and although but little more than a year has expired since it was first operated, its many wonderful feats in cooking have already placed it far in advance of any other Stove which has as yet been offered to a discriminating public We claim for the Good Samaritan, that its economy of fuel, its simplicity of arrangement and real practical utility of the conveniences which surround it, have placed it far in advance of any stove yet offered to the world. We will name a few of the advantages which it possesses over any other stove, as well as some of the conveniences which attend it.

1 It has greater weight of castings, the bare stove weighing from 400 to 450 pounds

2. Greater capacity for baking It has a very large Oven, and also conveniences for baking on the top of the stove It has also a large front roaster for baking bread, pies, &c. or roasting meat, and this without danger of contaminating with the same taste, the finest delicacies being baked in the oven of the stove an advantage which no other stove using the roaster possesses

3. Its perfect control of heat The Good Samaritan has a treble draught arrangement which enables the operator to use as little or great a fire as he chooses The advantage which this arrangement gives over any other economist of fuel is, that while a fire may be started in the cold stove in from one third to one half less time, the operator can, after his fire is once started, lessen the draught as much as he pleases, even to closing it entirely—thus giving him perfect control of the heat

4 It has a soap stone fire back, which will never burn out, and consequently will not need replacing Soap-stone is used very extensively as a lining to cook stoves, as it is well established that nothing else will stand the effect of intense heat for so great a length of time

5 Its accommodations for broiling are perfect and unequalled It has a splendid arrangement for broiling on the hearth giving a perfect draught, through, under and around the gridiron into the flues of the stove, keeping the coals alive and carrying off all smoke and gases arising from the food—It will also broil very nicely upon the top without the smoke entering the room This is accomplished by closing the draught and can only be effected by a perfectly air tight stove

6 Its arrangement for the ventilation of the oven cannot be excelled It is effected by holes in the front door of the stove through which the fresh air passes striking against the front plate of the fire chamber (thus becoming heated before entering the oven) then through the ventilating damper into the oven of the stove, where it forces all gases arising from the food, which will naturally rise to the top over the front oven plate behind the fire-back into the fire-chamber where they are consumed (thus adding fuel for combustion) and also to the perfect draught of the stove

7 The Good Samaritan has, in a single year proved itself to be the most economical as well as the most efficient stove in the world The great advantage it possesses of being able to do a greater variety of cooking at once with greater rapidity of operation is not to be lightly passed over None who have ever examined it closely can doubt for an instant but that, with ordinary usage it must last from 15 to 25 years They can base this belief on its great weight, and the small quantity of fuel necessary to operate it—for the less fuel consumed the longer a stove will wear

8 That it possesses all the attributes and qualities of a first class stove in the height of perfection, is no longer an experiment, but an established fact. That it has no equal we are fully prepared to demonstrate to all impartial persons and solicit all, whether wishing to purchase or not, to call and see the stove and be convinced of the truth of these statements

We desire every house keeper in Penobscot County to call and we think they will be fully repaid by examining the merits of this wonder of the age

Descriptive pamphlets and all information will be cheerfully furnished by us at our store

THE ONLY PREPARATION

THAT HAS

Stood the Test of Years,

And grows more and more popular every day!

AND testimonials, new, and almost without number, might be given from ladies and gentlemen in all grades of society, whose united testimony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty

BATTLE CREEK, Mich., Dec 21, 1858.

Prof Wood—Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions, and the bald spot is now covered with hair thick and black though short It is also coming in all over my head Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle and receive to thyself the scripture declaration— the reward is to those that are kind to the widow and the fatherless.

Thy friend, SUSANNAH KIRBY

LIGONIER Noble Co. Indiana, Feb 5 1859

Prof O J Wood—Dear Sir In the latter part of the year 1852, while attending the State and National Law School of the State of New York my hair from a cause unknown to me, commenced falling off very rapidly so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance as my more intimate acquaintances were to recognize me at all

I at once made application to the most skillful physicians in the country but, receiving no assurance from them that my hair could again be restored I was forced to become reconciled to my fate until, fortunately, in the latter part of the year 1857 your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use I tried one bottle, and found to my great satisfaction that it was producing the desired effect Since that time I have used seven dollars worth of your Restorative and as a result have a rich coat of very soft black hair which no money can buy

As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who I am happy to inform you, are using it with like effect

Very respectfully yours A M LATTA,
Attorney and Counsellor at Law

The Restorative is put up in bottles of three sizes viz large medium and small The small holds half a pint and retails for one dollar per bottle the medium holds at least twenty per cent more in proportion than the small retails for two dollars per bottle the large holds a quart 40 per cent more in proportion and retails for three dollars per bottle

O J WOOD & CO Proprietors, 444 Broadway New York, and 114 Market st, St Louis, Mo and sold by all Druggists and Fancy Goods Dealers.

[From the N Y Post]

The True Cure for Southern Exasperation.

A Wheeling print, the Intelligencer describing the present condition of the little town of Philippi, the capital of Barbour county in western Virginia, lately occupied by the government troops speaks of it as utterly deserted, the secessionist soldiery having first driven out the Union men, and the remainder of the inhabitants comprising the majority who voted for secession having fled before the federal troops, supposing in their ignorance that they would be hanged or shot for what they had done

There is much matter for reflection in this flight of the people of Philippi Their minds had been poisoned against the government by the misrepresentations of the rebel leaders industriously disseminated in every possible manner They were brought to believe that the same ferocious tyranny of which their neighbors the Unionists had been made the victims would in turn be exercised over them that the war, on the part of those who adhered to the government would be just what the secessionists were making it on their part—a war of extermination They had been told that the northern people were a set of fanatics thirsting for their blood and judging of their probable conduct by the example of the rebels they expected from our troops neither mercy nor justice

Everybody here at the North feels at once that this is a most egregious error though consid ring the means employed to prejudice the people of the slave States against us it is not a surprising one—What is the remedy? How shall these people be disabused? It would all the well meaning part of the southern population who if they knew the truth would be favorably disposed toward our government and have only been alienated from it by false representations of the feelings and designs of the people of the free States be made to see the injustice they have done us, and become willing to return to their beneficent government which they have voted to subvert?

There is only one way and that is the one which the American government is now taking The truth cannot penetrate into the South by the usual methods The press is not free and that region speech is not free A rigid relentless remorseless tyranny under color of which the party organization which scruples at no act of violence and now enforced by the bayonets of a standing army suppresses all accurate information of affairs at the North The Austrian government contents itself ... rational ... individual opinion ... that ... the government ... those who cannot be misled by keeping the truth from them are misguided in that way those who cannot are compelled by terror to be silent The only method which is left to the government is to carry the truth into the Southern States As long as the traitors hold that part of the country in subjection it is excluded by an impassable barrier Wherever our troops go they will bring with them a right understanding of the character temper and designs of the North—of the justice and forbearance—the magnanimity even—with which we are disposed to conduct the quarrel which has unhappily arisen Those who are already the friends of the Union in the Southern States will be restored to their freedom of action, those who would have been its friends but for the false impressions which their minds have been made to take will be undeceived and a reaction will begin which will make them the more zealous in its support because of the indignation with which they must regard their deceivers

It has been often said that if the rebels are made to yield to the government by force of arms the good will of the South will not be conquered on the contrary that its present exasperation will only be heightened There never was a greater mistake than this It is impossible that the ferocity of the secessionists should be stimulated to a higher pitch than it has reached without provocation on our part When men are tarred and feathered hanged, shot or torn in pieces for no ... crime than that they are from the free States it is absurd to say that any conduct of ours can exasperate peracution can lead to greater ... The minds of the people of the South cannot be more inflamed against us than they now are by any energy in suppressing the revolt or any length of time to which the contest may endure

IMPORTANT INVENTION OF NIGHT TELEGRAPH ARMY SIGNALS A plan for communicating between lighthouses at sea, ships of war, &c at night, by means of signal lights, has been invented by Mr H P Tuttle one of our Harvard Observatory astronomers This invention consists of a box about six inches wide and twelve long with an aperture in front, through which is seen a brilliant light The aperture is provided with a cut off which is worked by a lever and the system by which the characters are made is precisely the same as that of our Morse Telegraph Different combinations of length, (there being only two lengths) with the number of times the light is cut off designating each letter of the alphabet which is really by sight what the same characters over the ... wire are read in our telegraph offices by sound The distance to which the light can be read depends upon the quality and size of the light, which is immediately behind the aperture—Those tried by experiment, with the common dark lanterns, and are read without trouble to the distance of three miles—Lamps can be made at a very slight cost which may be read ten miles with the naked eye, and by aid of glasses, twenty five miles

Powerful lights can also be used, which may be read twenty five miles or more with the naked eye Two of our telegraph operators in connection with Mr Tuttle experimented on the night of the 14th inst, between the cupola of the State House and the top of Bunker Hill Monument, carrying on a spirited conversation without the slightest trouble. From ten to fifteen words per minute were transmitted with rough and imperfect machines—Boston Trav

Gen Pillow advertises in the Memphis papers that deserters from the Confederate army will be shot, if caught.

Letter from Washington.

WASHINGTON, June 11

Messrs Wheeler & Lynde—

Any authentic facts from the seat of war, especially from the encampment of the Maine regiments, I know full well are of interest to many of your numerous readers

This afternoon I visited the Maine regiments—found them all encamped on a beautiful eminence, called Meridian Hill, about two miles north of the city proper The Hill is elevated some 40 or 50 feet, with a broad surface, agreeably diversified and skirted and partly covered with wood It is as healthy a location as can be found in the vicinity The soil is a little heavy and sticky after a rain, but soon dries The men are generally well, and no severe cases of sickness, but the change from our New England beds and home comforts, to pine boards and camp rations, is so great that colds and stiff limbs are not unfrequent Some difficulty obtains as to quality and amount of rations, which I trust will pass away with the better state of regulations which time affords Still, our men are determined and patriotic—willing to make the sacrifice and to peril life, if need be, at a moment's warning

No better troops have come forward than those from Maine, and none bear a better name here for gentlemanly and manly bearing No one can mingle with them and resist the conviction that they deserve well of all who stay at home God grant that such sacrifice may not go unrewarded

The officers are generally, and I think justly popular especially those of the 2d regiment, with which I am more acquainted You may expect a good account of Col Jameson and Lt Col Roberts and associates, when the history of this campaign is written The reports that two or more Maine men had been shot, are entirely untrue They are not in an enemy's neighborhood, but still they are very vigilant when on duty so much so that when an approach was made a few nights since and no answer given to the challenging sentry a sharp crack of his musket and a subsequent examination, showed the carelessness of a neighboring farmer in leaving his cows out over night This is the only case of *intestinal* shooting with the Maine regiments

A grievous case of accidental shooting occurred in the 3d regiment on its arrival in Washington In attempting to shelter themselves from a tempest, a good fellow who had loaded his gun for the rebels in Baltimore, with a ball and three or four buckshot discharged the contents by the action of the hammer under his arm with the muzzle downward, into and through the fleshy part of his comrade's thigh, producing a severe flesh wound, also injuring one of his thumbs He is doing well

An extensive route across Long Bridge (pass in hand to Arlington Heights and vicinity, was intensely interesting I was astonished at the amount of labor already performed ditching and embanking A short time will complete an entire chain of breastworks from Alexandria to the northern portion of Arlington Heights, a distance of six or eight miles

The "sacred soil of Virginia" is being fast broken up and her grass fields trampled under foot or turned out to fatten cattle for the future use of the army I saw a herd of some 50 to 100 head of oxen turned into a level field of clover which was knee deep The hungry soldier knows their use when fit. As we returned, some dozen Yankee soldiers had (by allowance) *lassoed* a fine bull calf and passed the end of the rope round a tree bringing the noble fellow nearer the "center of gravity" at every bound One blow with the axe, and the ready hand of an experienced butcher, passed him over to the cooks with astonishing rapidity Thus they do everything in our army None other such was ever encamped. In fact, the soldiers now under arms in the North (with a few good ladies, of course") would make a nation of themselves, with all the arts and sciences of civilization in a high state of perfection But I must close, regretting a lack of time to make this letter shorter

People at home will reach their friends at present by sending letters direct to Washington, naming the regiment STOCKTON

Immense quantities of peas, strawberries, potatoes and other early vegetables, usually sent North from Norfolk, Va., in May, have been prevented by the war from finding their accustomed markets in Philadelphia, New York, Boston and other Northern cities We read in accounts from Norfolk of May 26th, that strawberries by the bushel were being given away to any one who would take them, and the immense pea fields near that city have been plowed up and sown to corn

LOST TIME RECOVERED.—Eleven years ago, a man named Gerry, lost a silver watch on his father's farm in Sudbury. The present owner of the farm, in plowing a few weeks since turned up the watch in a remarkable state of preservation.

Departure of the Fourth Regiment.

ROCKLAND, 17th.

The Fourth regiment of Volunteer Militia of Maine started for the seat of war today at 10 o'clock, by the steamer Daniel Webster The regiment is one thousand strong, and a finer body of men were never sent out of any State The officers of the Regiment are—

Hiram G Berry, Rockland, Colonel
Thomas H Marshall, Belfast, Lt. Colonel.
P S Nickerson, Searsport, Major
J Greenhalgh, Rockland, Adjutant
Wm. A Banks, Rockland, Surgeon
Elisha Hopkins, Searsport, Assistant
B A Chase, Chaplain
Isaac C Abbot, Rockland, Quartermaster
Stephen H Chapman, Rockland, Sergeant Major
John H Crowell, Winterport, Quartermaster Sergeant.
Julius S Clark, Commissary Sergeant.

The regiment is finely officered, and the best feeling exists between the officers and the soldiers, similar to that existing in the Second Regiment It contains the following companies

A—Capt. W H Cunningham, Belfast
B—Elijah Walker, Rockland
C—O J Conant, "
D—L D Carver, "
E—S C Whitehouse, Damariscotta
F—A D Bean, Brooks.
G—E M Smith, Wiscasset
H—J G Burns, Rockland
I—Ebenezer Whitcomb, Searsport
K—Silas M Fuller, Belfast.

The city was crowded with spectators, and the soldiers departed amid the roar of artillery, the deafening cheers of the immense throng, and the soul stirring music of the Rockland Brass Band, who accompany them to New York We venture to predict that the gallant Fourth will make a glorious record in the great struggle

DEVELOPMENTS OF THE SEIZED TELEGRAMS.—A recent despatch to the New York Times says, the developments that are likely to follow the seizure of the despatches filed in the telegraph offices, will astound the country They will show a system of treachery extending thro' all grades of official business and social circles Almost everybody appears to have been giving aid and comfort to the rebels and to have furnished means and information for securing a triumph of the rebellion Members of Congress figure frequently among these flashes of intelligence I think your city Representatives some of whom are now seeking commissions in the Federal army, had their share in giving information and telegraphic encouragement to the rebel leaders then engaged in rushing their States into the vortex of secession Reporters for Northern free soil papers handed into the telegraph office the knowledge they had obtained through their free soil professions Even the members of the Peace Congress, and some from free States, held out words of encouragement to the rebel leaders that if they would keep up the fire they would break the free soilers down Several of the members of that Convent on from the Border States gave regular reports of the proceedings to the rebels while at the same time they were insisting that the proceedings should be kept from the Northern press and the public

THE COLT PATENT.—The real inventor of the world famous Colt pistol is Otis W Whittier a New England mechanic now working by the day in the railroad and machine shops of Harrisburg, Pa. It was in 1837, while living in Enfield N H, that he made the original invention and got his patent He immediately commenced the manufacture of the arm, but at the end of two years was prostrated by fire, which destroyed all his stock and machinery and left him poor and unable to start afresh In 1851, he procured a renewal of his patent, and in the same year sold it for $2 000 to Henry B Beach and Samuel Woodbury of Hartford, who in turn sold it to Samuel Colt, by whom it has been worked up to its present great renown, and to whom it has returned an immense fortune

CONTRACT FOR A WAR STEAMER'S ENGINE.—Woodruff & Beach of Hartford have contracted to build the engine and machinery for one of the seven sloops of war now being made for the government TLe job amounts to $100 000

OUR BRAVE SOLDIERS.—Among the incidents of the bravery of our troops in the affair at Great Bethel, the following are related by a correspondent of the New York World

One of the men had a Minnie ball pass through his wrist, leaving the right hand hanging loose by one or two tendons and pieces of skin A comrade by him, with commendable presence of mind, took a knife from his pocket and completed the amputation Mr Weavil an artist of *Harpers' Weekly* who was in the midst of the fight, a moment after found the member lying in the dust, apparently unnoticed by the brave soldiers who, with unflinching courage, still pressed on in the attack

Orderly Sergeant Goodfellow, of Col Allen's Regiment, was mortally wounded in the breast He handed his musket to a comrade, and several flocked around him "Oh," said he, "I guess I've got to go,' and he placed his hands upon the wound "Oh, don't mind me, boys," he continued, "go on with the fight, don't stop for me' don't stop for me'" and pressing away those who attempted to support him he sank down upon the ground Just at that instant his colonel passed, and looking up to him he gasped "Good bye, colonel!" and died Col Allen turned ghastly white as he observed it—He bit his lips, too much moved to speak, and rushed on to avenge his death

The failure of the Police of Boston to arrest the bearer of despatches from the rebel leaders to their *confreres* in Europe, has caused much regret in Washington It was important that the arrest should be made, not alone for the purpose of obtaining possession of the despatches he carried, but also for the purpose of testing the right of the British Minister and British Consuls to protect rebels by their passports. The nature of the despatches, the character of the man, and his relations to the rebels, could not have been unknown, both to Consul Burch and Minister Lyons, and to the extent of their official positions, they were aiding the rebels At least, such is the prevailing public sentiment of Washington.—*New York Times*

REMARKABLE.—The horse of Mr Crawford, while hitched in Gray street, took fright, broke loose and ran the four wheel chaise to which he was attached over an elm tree, at the corner of Gray and State streets, more than *fifteen feet high without upsetting the chaise!* There was a compromise. The tree bent down some and the carriage went up some, and thus nothing was broken or upset—only pretty well scraped The horse was fortunately secured before further damage was done.—[Portland Argus.

[It appears, then, that nothing was injured, and no *further* damage done, unless by the chaise.

[From the New York World.]

War Estimates.

The Journal of Commerce goes into some pretty extensive cyphering to show that the United States will spend $200,000,000 per annum in the present struggle with the revolted States. The estimate may be right or wrong, but the consequences to the wealth and the material prosperity of the nation, to flow from such an amount of expenditure, the Journal misapprehends altogether What if the money be expended, it is not therefore annihilated, it is not thundered into the air and dissipated in the smoke of the battle, nor sunk in the sea. Somebody gets it for powder, and rations, and clothing, and munitions of war No doubt there is a consumption of capital, but the men in arms would have consumed capital in their peaceful occupation, or no occupation, at home, there is no consumption of money in the business—Many would have consumed more value at home than they will in the army Bonbons and champagne, and the delicacies of the epicure, are more costly than bread and water and salt beef, and a bottle of champagne will purchase several quarts of whiskey, without giving so much or such extensive gratification It is doubtful whether the consumption of provisions in the army, in point of cost, is greater in the aggregate than the same number of men would have consumed at home, and as to clothing the difference may not be material The waste of war to a nation is much over estimated, for the consumption of capital is always proceeding at a rapid rate, even in the most peaceful times, and is a necessary element of prosperity Without consumption there would be no production, and the nation prospers not by consuming less but by producing more

The only essential waste of war, except in a somewhat earlier destruction of life, is in the diversion of labor from productive to unproductive consumption, and here the question arises, what portion of the army were producers at home? That a large portion were non-producers is certain, and many absolute loafers, of no use to themselves or anybody else All the non producers must have been supported in peace out of the capital they are now consuming without return, there is no loss by the war in their case. Workmen have exceeded the demand for labor in several branches of manufacturing in the Northern States, for several years past They were non producers a great part of the time, and so far their employment in the army is no loss to themselves or the nation

Now if the Journal can estimate the number of productive laborers in the army—men who would have found productive employment at home—and place a fair valuation upon the service thus abstracted from the arts of peace, it will be able to estimate the prospective effect of this rebel war upon the material prosperity of the country it is no such sum as $200 000 000 per annum of cost—at least outside of the revolted States

If they of the Journal imagine the nation is to run behindhand—or rather the loyal States—because of a government expenditure of even $200,000,000 yearly, they are marvelously mistaken The most profound of the British economists—John Stuart Mills—says "The greater part in value, of the wealth now existing in England has been produced by human hands within the past twelve months. A very small proportion indeed of that large aggregate was in existence ten years ago, of the present productive capital of the country scarcely any part, except farm houses and factories and a few ships and machines and even these would not, in most cases have survived so long if such labor had not been employed within that period in putting them into repair The land subsists, and the land is almost the only thing that subsists There can be no doubt of this and there can be no doubt that the same, or a greater proportion of wealth is annually reproduced in the United States, nor can there be a doubt that we add as large a proportion of capital to stock annually as England Probably at the present money valuation, the total wealth of the United States is about $15 000,000,000 or something more, and the yearly reproduction about $8 000 000,000 The Journal of Commerce may judge as well as anybody what portion of this vast income is produced and saved by the loyal States, but they can supply $2 000 000,000 yearly to the support of the Union against Jeff Davis' league, and grow rich all the while especially as they will cease to sell goods on credit to the cotton States

A SMART SPECIMEN OF CONTRABAND.—The New York Times' Washington correspondent tells the following story

An ebony specimen of 'contraband,' who says he 'missed his old master's tout tree weeks ago one dark night in Virginia, an hasn't seen him since, is employed in Fortress Monroe and came up with Lieut Butler to day He ran away from Virginia, and has been in the fort for some weeks. He was sent out some days ago being acquainted with the country beyond Hampton and reported the existence of a battery at 'Big Bethel,' —having counted the pickets and got where he could spot rebel forces He reported several companies in and around Great Bethel, and, subsequently hid himself by some twenty four hours in the bushes, concealing himself from the foe He at last escaped, was shot at, received a ball through the sleeve of his jacket, another shot away a pistol from his belt, yet he returned to the fort unharmed When the late expedition went forward, this negro accompanied Lieut. Butler and Major Winthrop The Major left his horse with him when he disappeared This colored boy is a most intelligent sample of his race, and is said to be very useful at the fort as scout and servant He goes fully armed always, and says he "can smell a rebel further than he can a skunk" He was in the thickest of the late fight, and was highly serviceable to Lieut Butler throughout the conflict

MIDNIGHT LEAP OF A SOMNAMBULIST.—At Buffalo on the night of the 7th ult., a man named Hugh Watson, while in a somnambulic sleep, jumped from the third story window of a boarding house in Ohio street, and was seriously, though strange to say not fatally injured Before going to bed, Watson had been conversing in reference to accidents on shipboard—Hence probably the subsequent action of his mind in sleep The window from which he fell is said to be very difficult of opening, notwithstanding which he raised it, climbed out, and seems to have clung to the sill upon the outside while he reclosed the sash He then dropped to the pavement, either deliberately or from exhaustion,

George W Kendall cured one of his shepherds in Texas of the bite of a rattlesnake by administering whiskey and hartshorn George swore too that he gave him a pint of the spirit and in about an hour he commenced to laugh, then to whistle, next to sing, and finally tried to dance I had him all right then, I knew that the whiskey had got ahead of the poison, and had reached the vitals first In five minutes more he was drunk as Bacchus, sprawled out on the floor, slept half a day, and next morning was at work as hard as ever So much for the first case I ever cured with the contents of the medicine chest! The bartaborn, combined with the whiskey, effected the thing

SHAD CAUGHT IN A CRINOLINE TRAP.—Last Friday, a lady of Rocky Hill, Ct, while passing a brook which runs into the Connecticut, saw two fine shad sunning themselves in the stream The shad looked tempting, the lady coveted them, but had no fishing tackle with her. She finally bethought herself of her hoops, took them off, and having tied the upper end, set the contrivance in the brook, and drove the unsuspecting shad into the net, when they were safely drawn to land, the most recent and the most cruelly deceived victims of crinoline

LOCAL AND MAINE ITEMS

JOB WORK. We are prepared to execute job work of all kinds at remarkably low prices and in the neatest style

☞Copies of the Daily Whig—price three cts—for sale at our counting room

☞Our Carriers are not allowed to sell papers while on their routes

***Subscriptions for a less time than three months 50 cents per month

☞The Lewiston Journal says

By a letter from John Reed, Esq., formerly of Lewiston, we learn that he is still in Missouri, looking after the interests of the Hannibal & St Joseph Railroad, which is now suffering persecution at the hands of the friends of "Southern Rights," who regard the road as a Northern institution Mr R's family is in Quincy, Ill—Mr Reed states that the town where he is stopping (Hudson) has been one of the strongholds of disunion in Northern Missouri, some Northern men having become so lost to right as to join the "Knights of the Golden Circle" But a change for the better is rapidly coming over the place

CLOTHING CONTRACTS.—The Portland Advertiser says

A committee of Governor's Council yesterday closed a contract with Messrs Storer & Cutler of this city, for the manufacture of 950 uniform coats for the Fifth Regiment The material selected is the Hamilton Doeskin, all wool, of the usual cadet gray color The coats are to be ready for distribution on Monday, the 24th inst

Messrs Chadbourn & Kendall have about completed and will have ready for delivery on Monday next, 930 pairs of pantaloons, for the same regiment The goods of which they are made are known as Dexter Doeskins, made at Dexter, Me—a handsome durable fabric

INQUEST IN A MURDER CASE.—We learn from the Woodstock Journal that an inquest was held on Tuesday over the body of Arthur Hawley, found in Meduxnekeag stream at that place—The jury returned the following verdict "The jury find that the deceased, Arthur Hawley, came to his death on the night of the 3d and 4th of June present, from a blow on the head received in some manner and from some cause to the jury unknown, and by being precipitated from the wharf into the creek" The persons under arrest on suspicion have been released.

☞Brig Mary Alvina of Boston, at New York from Remedios reports April 22, (on the outward passage) in lat 30½, lon 71, boarded the brig Molunkus, (of Eastport) abandoned, and took from her two anchors and a chain

CAMP WASHBURN, BANGOR.—Religious services were conducted at this camp on Sunday morning last, at 7 o'clock, by Rev Prof Harris At the close, Rev Mr Curtis, in behalf of the Bangor Young Men's Bible Society, presented copies of the Testament and Psalms to Captain Fraser's, Ellsworth Company, Captain Cyrus Brown's, Corinth Company, and Capt Burton's Company, of Oldtown Captain Snowman and Captain Moses Brown's Companies, had been previously supplied by friends in Bucksport and Brownville, from whence they came.

Capt Charles Mink, by invitation, visited the drill room of Capt Jones company on Friday week, and when leaving the hall accidentally made a misstep, throwing him down a flight of stairs some twenty feet A concussion of the brain and other internal injuries were the result, causing his death the following day—Capt M was about fifty five years of age, and leaves a family and a large circle of friends to mourn his sudden death.—*Rockland Dem*

CAPTURE OF SHIP MILAN.—The Boston Journal says the mate of ship Milan, of Bath gives the following account of the capture of that ship by the pirates

The ship arrived off the mouth of the Mississippi on the 18th of May When still some thirty miles below the bar, he was hailed by the privateer, but supposing her to be a pilot boat he paid no attention to her hail She then sent a shot across his bow at which he hove to The privateer came up to the Milan and boarded her and were in complete possession of her before the crew had recovered from their surprise at the attack While taking the Milan up to New Orleans they met a large steamer which they supposed to be one of the United States war steamers The privateersmen therefore threatened to hang every man of the crew at the yard arms if they gave the alarm

The mate of the above named ship, Mr T H Paine of Phipsburg, has called upon us to say there are several errors in the above account He says they mistook the privateer for a *tug*, not a pilot boat, that when the shot was sent across the bow the Milan did not heave to, but ran up the American ensign and kept on her course, that they did not meet a large steamer supposed to be a U S war steamer, that no threat was made to hang them, that personally they were treated kindly, and no violence was done them beyond the detention.—*Bath Times*

Capt Lustis of the above named ship, who is now here, corroborates the above corrections, and says in addition thereto, that while in the Gulf he spoke a southern steamer bound from Havana to New Orleans and was informed that there was no trouble in ships going to New Orleans unless the blockade had commenced—Capt P came north by way of Nashville and had no difficulty, but was obliged to conceal the fact of his being a northern man, and in fact passed for an Englishman He says the Southern troops are undoubtedly numerous, and so far as he saw, well armed

MAINE MEN ROBBED.—There is news from Santa Fe of more attacks by the Texians The Mesilla Times of May 17th, says—"A large train belonging to W S Grant, of Arizona, the army contractor for the different garrisons in this Territory, was seized by the Texan forces at the Rio Hondo, near San Antonio, and the train, animals and freight of all classes were confiscated The officer in command refused to give receipts, and made no distinction between the Government and private property Forty wagons were seized, with some 250,000 pounds of freight for Arizona garrisons, and some 80,000 pounds to private parties, chiefly belonging to Mr Grant"

Mr Grant belongs in Farmingdale in this State

In one of our Sunday Schools, recently, the Pastor asked the pupils what they would rather have, if they could have whatever they wished The answers were various, and mostly of the extremely selfish order, as for instance, "a bag of gold," "All the bank bills that could be counted in a day," etc One ruddy little fellow spoke up promptly, "*Jeff Davis' head*"

A door lock has been invented which rings a bell and lights a taper the instant any person attempts to pick it It is considered a good safeguard against burglars We expect it will be so improved, such is the ingenuity of the day, that it will also shoot the burglar and give a signal to the police

The Commercial's Washington correspondent says it is proposed, in certain quarters, to raise immediately, half a million of volunteers, and place them in the field, so as to be ready early in the fall to cooperate with the present forces, and speedily bring the war to a close. It is said that the governors of the different States have been consulted on this point, and have considered the proposition favorable.

SPECIAL NOTICES.

CLOTHING.

GENTLEMEN

Having retired from the business of Tailoring a credit business and having myself proved that system to be utterly wrong, for the Retail Trade doing business I feel compelled to adopt the CASH SYSTEM It is better for the customer who expects to pay for their garments as the amount lost by bad debts under the credit system is divided between the patrons and the man dated on the former receive it by paying as much as 20 per cent. less for their garments, and the latter is saved from bank ruptcy Consequently I would invite all Cash paying customers to examine the Stock of Goods now on hand and see if the prices are not 20 per cent less than at any other Clothing House in the city The Cutting Department is under the charge of

Mr J H LARKIN,

favorably known in New York and Boston as one of the Best Artists in the Art of Cutting

ALL

Garments made at my establishment warranted to give entire satisfaction, and in any style to suit customers

TELEGRAPHIC TO THE Daily Whig and Courier.

Despatches from evening papers of Saturday.)

Fortress Monroe said to be Invested—Additional entrenchments Near Washington—Military Movements in Missouri—President Lincoln's Forthcoming Message—Threatened attack on Cairo—Jeff Davis Strengthening His Position at Richmond.

FORTRESS MONROE, 14th, via Baltimore, 15th

Fortress Monroe is, in reality, invested, ingress ... by sea, and a few miles in extent ... River are open to us, but no aggressive movements can be made with safety without double the present number of troops and means of transportation. The camp near Hampton is now confined to a narrow space.

... Dix arrived this morning and spent the ... visiting the hospitals and the various ...

... brought a number of nurses. She returns to Baltimore and thence goes westward.

The ... gun Union arrived this morning. It ... mounted at once.

POINT OF ROCKS, 16th

The obstructions on the Baltimore & Ohio ... this morning have been removed and ... road re-opened to Harper's Ferry this morning. An immense boulder thrown on the road by the rebels was removed last night by blasting and the track passes over crushed fragments.

The rebel pickets of cavalry stationed on the Virginia side ... within sight of this point, only number some half a dozen.

PHILADELPHIA, 15th.

... despatch from Hagerstown says that ... advance guard of Patterson's division, about ... arrived this morning. The whole column is rapidly moving southward.

ST LOUIS, 15th

Two ... pounders and two hundred balls manufactured at Hannibal were captured by the Hannibal Home Guard, near the town of Linneus on the night of the 12th. The cannons were destined to ... for the rebels. The Democrat learns that 2,000 rebels are encamped at ... Two Iowa regiments and a battalion ... volunteers from Quincy are expected ... Jefferson City to morrow with Gen Lyon.

Gen McClellan addressed his troops at Cairo on ... promising that they should be the ... of a great army and ere long should ... opportunity to meet the rebels.

NEW YORK, 15th

New entrenchments are to be thrown up at ... of Washington on the Virginia ... Every precaution is being taken to prevent the rebels from crossing the Potomac. Arrangements will be complete in a day or two to prevent the publication of important intelligence.

NEW YORK, 17th

A despatch to the Tribune says the President is making good progress with his message and will take the highest ground in favor of prosecuting the war with the utmost vigor, and finishing by winter if possible, and recommending a ... for a half a million men and an appropriation of two hundred millions.

Gov Sprague of Rhode Island, will be tendered a Major Generalship.

The 2d R I, regiment will be ordered to Washington, where there is to be a concentration of the whole available reserve force in order to ... a forward movement toward Richmond.

Lieut Col Everett's command of 200 district volunteers had a skirmish across the Potomac with 100 Virginia cavalry near Seneca's Mill, ... miles above Washington, two Virginians it is thought were killed—one, it is supposed was Capt Shreves. The Virginians retreated. Some of our men were injured.

There is reason for belief that Gen Scott is fully prepared to keep the rebel chiefs on the back track, at least till they shall have evacuated Virginia and Tennessee. The whole rebel force, except the rear guard, are said to be retiring towards Richmond. Every point on the Potomac from Williamsport to Acquia Creek where a crossing could be effected, guarded by federal troops.

BALTIMORE, 16th

It is thought that Gen Patterson's and Cadwallader's orders will be countermanded in consequence of the evacuation of Harper's Ferry. Their forces may be needed elsewhere.

The rebels account of the battle at Big Bethel gives one killed, Capt White of N C, and ... or three wounded.

The Herald says advices have reached Gen ... that an attack on Cairo to morrow, 18th ... Pillow with 20,000 men is threatened ... Prentiss felt perfectly prepared to receive him. Pillow, it appears, has been promised aid from Kentucky and Missouri by Governors Magoffin and Jackson, but the recent activity of the federal forces in the States is likely to prevent any assistance from that quarter.

NEW YORK, 17th

A Washington despatch to the Tribune says a Kentucky deserter from the rebels at Manassas reports that there are 20,000 men there, including reinforcements from Harper's Ferry, all of which, however, had not arrived when he left. Provisions and water were scarce. The soldiers are dissatisfied at the position and there is a prospect of further retreats, it having apparently been settled that no decisive fight could be ventured until established at Richmond.

There are 40 000 troops at Richmond, well armed, with plenty of artillery, but badly clothed and shockingly disciplined. Jeff Davis is arranging all the details of defence, erecting earthworks as far as eight miles outside of the city. Between Richmond and Manassas Junction were strong entrenchments at every available point.

FORTRESS MONROE, 16th, via Baltimore, 17th

The enemy is evidently landing a large body of troops at a point 7 miles above Newport, on the same side of the river. Steamers come down the river daily. An attack from that quarter is anticipated. We are ready for them at Newport News and the strong battery erected by poor Greble will avenge Great Bethel.

The experiment with Sawyer's American rifled cannon was a brilliant success. Sewall's Point is clearly within range of the tremendous projectile.

Seven of the eleven 48 pound shells exploded a short distance from the rebel camp, and one of them over their entrenchments. It created a sensation among the rebels. A house near with a rebel flag flying from it, displayed a white flag.

NEW YORK, 17th

Steamer Peerless has arrived from Toronto under American colors. Steamers Atlantic and Baltic are to be converted into gunboats.

CINCINNATI, 17th

A Special Grafton dispatch says, there is a gradual concentration of forces in the direction of Philippi. The 14th Ohio Regiment has returned there from Buchanan. There is a report of fighting at Buchanan, with considerable loss to the rebels, but it is not confirmed.

A messenger arrived from Phillippi announcing that scouts have discovered that the rebels are marching towards Philippi, and an attack was expected in the morning. Col. Wallace telegraphs from Cumberland that after the fight at Romney, the rebels did not rally, but ran 10 miles towards Winchester.

Important Movement on Foot at Fortress Monroe.

Proceedings of the Wheeling Convention.

ST LOUIS, 17th

The following proclamation has been issued to the citizens of Missouri

"Prior to the proclamation issued by Gov Jackson of the 12th, it was known to you that the Governor and Legislature sympathised with the rebel movement now in progress in the country, and had adopted every means in their power to effect the separation of this State from the General Government. For this purpose, parties of avowed secessionists were organized into military companies, throughout the State, with the full knowledge and approbation of the Governor. The establishment of encampments in this State at this unusual season of the year, authorized for an indefinite period, could have had no other object than concentrating a large military force, to be subjected to the provisions of the military law then in contemplation and subsequently a bill was passed, so oppressive to all peaceable inhabitants, so palpably unconstitutional, that it could only be accepted by those who are willing to conform to its extraordinary provisions.

For the purpose of effecting their cherished object, the disruption of the Federal Government, that bill provides for obligation to the State on the part of all persons enrolled under its provisions, irrespective of any obligations to the United States, when the Constitution requires all State officers to take the oath of allegiance to the United States. This, of itself, is a repudiation of all authority of the General Government, whose Constitution is the supreme law on the part of the State Government, its officers and such citizens as might choose to adopt the provisions of the bill. Coupled as it was on the part of the Government and legislature, with declarations hostile to its authority, and in sympathy with those arrayed in hostility against it, it could leave no doubt of its object.

It was so denounced by Gen Harney, whose proclamation of the 14th May doubtless gave rise to the interview between Gen Harney and Gen Price, resulting in an agreement, which, it was hoped, would lead to the restoration of tranquility and good order to your State, that the repudiation of the military and all the efforts of the militia of the State under its provisions, was the basis of the agreement, was shown, as well by Gen Harney's proclamation as by the paper submitted to Gen Price, containing the preliminary conditions to an interview with him. This agreement failed to define specifically the terms of peace, or how far suspension of the provisions of the military bill should form a part of it, though from the express declaration of General Harney at the time of the conference, a suspension of any action under the bill until there could be a judicial determination of its character by some competent tribunal, must in good faith be regarded as the fundamental basis of the negotiation, nevertheless, immediately after this arrangement, up to the time of Gov Jackson's proclamation, complaints of attempts to execute the provisions of this bill, by which the most extraordinary hardships have been imposed on peaceful and loyal citizens, coupled with the persecution and proscription of those opposed to its provisions, have been made to me, as commander of the U S forces here, and have been carried to Washington with appeals for relief, from Union men of all parties in the State, who have been abused insulted, and in some instances driven from their homes, that relief I conceive it to be the duty of a just government to use every exertion in its power to give. Upon this point the policy of the government is set forth in a communication from the Department at Washington, dated May 27th, to Brigadier Gen Harney, viz

Sir, the President observes with concern that, notwithstanding the pledge of the State authorities to cooperate in preserving the peace of Missouri, loyal citizens continue to be driven from their houses. It is immaterial whether these outrages continue from inactivity or indisposition on the part of the State authorities to prevent them, it is enough that they continue. On you devolves the duty of putting a stop to them, summarily, by the force under your command, aided by such troops as you may require from Kansas, Iowa and Illinois.

The professions of loyalty to the Union by the State authorities of Missouri are not to be relied upon. They have already falsified their professions too often, and are too fully committed to secession to be admitted to your confidence, and you can only be sure of their desisting from their wicked purpose, when it is not in their power to prosecute them. You will, therefore, be unceasingly watchful of their movements and not permit the clamors of their partyism, or allow the opponents of the wise measures already taken to prevent your checking any movement against the Government, however disguised. The authority of the United States is permanent and whenever it is apparent that any movements, whether by color of State authority or not, is hostile, you will not hesitate to put it down. (Signed,) L THOMAS, Adjutant Gen'l

It is my design to carry out these instructions in letter and spirit. Their justice and propriety will be appreciated by any one who takes an enlightened view of the relation of the citizens of Missouri to the General Government, nor can such a policy be construed as at all degrading to the rights or dignity of Missouri, or infringing upon individual liberty.

The recent proclamation of Gov Jackson, by which he set at defiance the authority of the United States, and urged you to make war upon them, is but the consummation of his treasonable purposes, long indicated by his acts and expressed opinions, and now made manifest. If in the suppression of these treasonable purposes, and carrying out the policy of the Government, and maintaining its dignity as above indicated, hostilities should follow, I would hope that all aggravations of these events may be avoided, and that they may be directed from the innocent, and fall only upon the heads of those by whom they have been provoked.

In discharge of these plain but onerous duties, I shall look for the countenance and active co-operation of all good citizens—shall expect them to discountenance any disloyal combination or organizations, and support and uphold by every lawful means, the Federal Government, upon the maintenance of which depend their liberties and the perfect enjoyment of all their rights.

(Signed) N LYON,
Brig. Gen. U.S. Volunteers Commanding.

WASHINGTON, 17th.

Quartermaster General Meigs has issued an order to Assistant Quartermasters to make no purchases without first advertising for proposals, even for a short time.

Col. Robert Anderson has been promoted to a Brigadier Generalship. A H. Reeder declined a similar appointment. W S Rosencrans has also been appointed a Brigadier General. Hon John A Gurley has been authorized to raise six Regiments in Cincinnati.

A scouting party of the 69th N Y regiment on returning to the camp at 1 o'clock this afternoon, captured seven secession soldiers, one of whom was an officer, upon whom was found the roll of his regiment, and diagrams and details of plans for an attack upon Arlington Heights.

WASHINGTON, 17th

The Secretary of War has instructed Surgeon General Finley to convene here immediately, an Army Medical Board whose duty it shall be to examine all persons referred to it by the Department, as applicants for Brigadier Surgeons, and report, and the appointments shall be made only from among those who shall be so examined, and reported by the Board as qualified.

A similar Board is to be instituted, consequent upon various complaints reaching the Department, of the incompetency of regimental surgeons, who have been appointed either by the commanding officer or the Governors of States. The Board will examine the surgeons of whom complaint is made, in order to secure their dismissal if found incompetent.

The East Pennsylvania Railroad offers to receive Government bonds in payment for the transportation of troops and munitions of war on the route between New York and Harrisburg—the offer has been accepted.

The contract for supplying the Branch Post Offices from the General Post Office in New York, has been awarded to W W Ray, for $17,000 per annum.

The withdrawal of Mr Burlingame from the Austrian mission, was not in consequence of any protest, but a delicate, unofficial intimation that the appointment was not agreeable to that government.

Major Henry Hill, the Army Paymaster at New York, has resigned. He belongs in Virginia.

A messenger who rode down the tow-path of the Chesapeake & Ohio canal, reports that at 5 o'clock yesterday afternoon, Col Stone was in quiet possession of Leesburg. He also confirms that Major Everett's command at Seneca had a brush with the rebels, during which Captain Shreve, of Virginia, and two men were killed—Major Everett drew water out of the level of the canal in front of his position, and raised the tow paths for breastworks, which gave him a decided advantage. The rebels were driven off.

A government messenger, who arrived this evening, represents Col Stone's command to be still in the neighborhood of Rockville, Md. As the Federal forces advance the rebels retreat.

The propeller Diamond State arrived at the Navy Yard this morning, with 125 tons of pig lead. The captain reports having met and spoke propeller Josephine, down the river, the latter having been fired into with muskets at Mathias Point, opposite Port Tobacco, Maryland. She returned the compliment with shell, when the annoyance ceased.

FORTRESS MONROE, 16th.

There is no doubt that an important expedition is on foot, though it will not leave as soon as expected. Its destination is not to be disclosed.

It is said here that the rebels are throwing up a battery opposite the Rip Raps, as a protection against the rifled guns placed there.

A sentinel in McChesney's regiment was fatally shot last night by a sentinel in Colonel Carr's regiment, he being mistaken for a foe.

A mounted rifle regiment is expected shortly. Col Cobb's battery is also coming.

Col Baker of Oregon is here, and will be associated in a responsible military capacity in this vicinity.

WHEELING, 17th

In convention to day Mr Pierpont made a strong speech in favor of the declaration of Mr Dorsey. The declaration was ordered to a third reading.

Mr Carlisle obtained leave to report an ordinance reorganizing the Financial Bureau of the State by which no sheriff or other depository of the public funds shall be permitted, under penalty of loss of office, to pay money to the Richmond authorities, or to any but authorities to be hereafter provided.

Mr Dorsey moved that his declaration be put upon its passage, and called for the yeas and nays. Passed—yeas 56, nays none. Thirty members were absent on leave. The declaration was signed by 56 members, the same number as signed the Declaration of Independence.

FREDERICK, 17th

The Rhode Island regiment arrived at day day break. They encamped at Middletown to-night, eight miles from here. It was rumored at Hagerstown yesterday, that they will proceed to Cumberland, and it is thought probable that they will take the cars at Monocacy station, proceed to that place by the Baltimore & Ohio Railroad. The unexpected arrival created much excitement, though not of an unfriendly character.

BALTIMORE, June 17

The Boston Regiment arrived at 2 o clock, and marched through Baltimore street. They made a fine appearance and received many demonstrations of friendship.

ALEXANDRIA, 17th

There being strong reasons to expect an advance of the rebels from Fairfax Court House last night, every military preparation was made to receive them, but not even an alarm occurred. Our position is considered impregnable.

GRAFTON, 17th

A report reached Cumberland yesterday, that the rebels marched from Romney to attack the Federal troops and burn the city. They have not yet made their appearance.

A letter from Cumberland states that the telegraph wires and rails on the Baltimore & Ohio Railroad, from Harper's ferry to Martinsburg, have been carried away by the rebels. Also, that delegates to the Wheeling Convention from Berkley and Jefferson Counties have been imprisoned at Charlestown, Va.

It is not yet known what movements are contemplated from this point. Recruits from the surrounding country are largely increasing.

NEW YORK, 17th

The steamer transport State of Georgia takes the mail to Fort Pickens on Thursday.

The special Washington despatch to the Post says Col. Stone and command are in quiet possession of Leesburg.

Cars are running 14 miles on the Alexandria & Leesburg Railroad. Other despatches state that the route is expected to be open by to morrow for Gen Patterson's division.

Ten rebel prisoners are reported to have been captured in a skirmish by Col Stone's command.

The war department has ordered the rebuilding of the Harper's Ferry bridge, and it is expected to be done in five days.

The special Washington despatch to the Post says an advance upon Fairfax Court House is probable. Sealed orders to the 18th N Y regiment and the 2d Conn regiment indicate this.

PORTLAND, 17th.

The 4th Regiment, Col Hiram G. Berry, arrived from Rockland at 4 o'clock, per steamer Daniel Webster. They number 1066 besides the band. They were received and escorted by a portion of the 5th Regiment. They are quartered at the new City Government House, and are to leave in a special train for Boston at 6 o'clock to-morrow morning.

NEW YORK, 17th

The Commercial's special Washington despatch says the vigilance of the pickets resulted in the arrest of several spies last night.

Rifled cannon are being mounted to-day on some entrenchments south of the Potomac.

Mr Calvert, the Union candidate for Congress from the 6th Maryland district is here and says he is elected beyond a doubt.

All is quiet in camp to day. A scout reports that there are a large number of rebels at Fairfax Court House.

Dr Richards, of Washington, family physician of the President, has been taken prisoner at Richmond.

The Post's special Washington despatch says it is believed that Secretary Chase will report in favor of a revision of the tariff, and of a reduction of the duties on some articles, and the abolition of the free list.

The 2d Conn Regiment crossed the Potomac at 2 o'clock this morning.

The Baltimore & Ohio Railroad will be re-opened for thorough travel in a few weeks.

QUEBEC 17th

Prince Alfred left for Montreal this morning. He was cheered heartily by the people.

NEW YORK, 17th

Eight regiments, numbering over 7,000 men, are expected to leave this city for the seat of war this week. They are the 25th, 29th, 31st, 36th, 38th, the De Kalb regiment, and two others.

A letter from a mercantile house in Richmond says there is no probability of any provision being made for the payment of the Virginia interest due here in July next, but expresses entire confidence that it will be paid in Virginia currency at Richmond.

A FRIEND IN NEED TRY IT. DR SWEET'S INFALLIBLE LINIMENT is prepared from the recipe of Dr Stephen Sweet, of Connecticut, the great bone setter, and has been used in his practice for the last twenty years with the most astonishing success. As an external remedy it is without a rival, and will alleviate pain more speedily than any other preparation. For all Rheumatic and Nervous Disorders it is truly infallible, and as a curative for Sores, Wounds, Sprains, Bruises, &c its soothing, healing and powerful strengthening properties excite the just wonder and astonishment of all who have ever given it a trial. Over four hundred certificates of remarkable cures performed by it within the last two years, attest the fact. See advertisement. eowd&w

PERFECT FREEDOM FROM COUGH IN TEN MINUTES AFTER USE INSURED BY USING

Bryan's Pulmonic Wafers.

References can now be given to some of the principal Physicians and numerous individuals in this vicinity, who have used the above remedy with the fullest success in various cases of Colds, Coughs, Asthma, Sore Throat, Influenza, Irritation of the Uvula, &c, &c. The success of this remedy has been fully tested in various parts where the moisture of the climate induces great prevalence to Colds, &c and a certainty of the efficiency of the medicine is required to avoid Consumption and ultimate death. This remedy although only recently introduced in this vicinity, has met with a great demand and every confidence is placed in its merits by those who have given it a fair and impartial trial. Price, 25 cents per box. For sale by B F BRADBURY, Wholesale and Retail Agent. may 5 3tawd&w10w

CUTANEOUS DISEASES.—Cutaneous diseases are more mortifying to the pride than any other human ills. Let those who value a fair skin purify their blood by the use of PERUVIAN SYRUP, which removes such affections by stimulating the absorbents to take up and expel the morbid elements, by the natural outlets of the system. The Rev John Pierpont says "I have been cured of a troublesome cutaneous disease by the use of the Peruvian Syrup, and it affords me great satisfaction to find that it is making its way into the confidence of the medical profession for my settled conviction is that it deserves the confidence, not of that profession alone but of the public." june 4—eawd&weow1m

COUGHS.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL, and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease recourse should at once be had to Brown's Bronchial Troches, or Lozenges, let the Cold, Cough or Irritation of the Throat be ever so slight as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec19 6md&wsn

Warren's COUGH BALSAM!

Has been found, by experience, to be the Best Remedy for the various Diseases of the Lungs and Throat, such as Asthma, Bronchitis, Consumption, Croup, Influenza, Pleurisy, Pneumonia or Inflammation of the Lungs and Whooping Cough.

IN these Complaints this Medicine has no superior, and while thus efficacious it is perfectly safe to administer to persons of all ages. At all times of the year this Balsam is found useful, especially in the Autumn, Winter and Spring, and many Colds and Coughs, which, if neglected, might finally prove fatal may be CURED at once by a few doses of this invaluable remedy.

This Cough Balsam possesses the two-fold advantage of being at once valuable as a curative and sound as a preventive of all the diseases of the Throat, Lungs and Bronchia.

In ASTHMA however violent and distressing, this Balsam gives prompt relief.

In BRONCHITIS and PNEUMONIA it relieves the irritation, loosens the Cough, and promotes a favorable expectoration.

In CROUP its powers are almost magical. This hideous disease, coming literally "like a thief in the night," may be speedily and effectually arrested by a few timely doses of this Balsam.

In WHOOPING COUGH, it moderates the paroxysms, prevents the disease from assuming its severest and dangerous form, and shortens its course. Every family should keep it in the house and thus avoid the dangerous delay occasioned by sending out for the medicine when needed for immediate use.

The best recommendation for a good medicine is found in its use. If the following certificate from one who has used it, does not give you confidence in it, try one bottle for yourself, and you will be convinced. It will cost you but twenty five cents and may save you as many dollars in time and doctors bills.

DIXMONT Oct. 29, 1859

Dr Warren. Dear Sir—I have used your Cough Balsam in my practice for the year past, and can say that it is all that it is recommended to be, having never failed in affording relief whenever I have given it. G H DAY, M D

Prepared and sold by AMBROSE WARREN, Botanic Druggist, No 1 Granite Block, East Market Square, Bangor Maine. oct13 1ostawd&w6m

TO THE PUBLIC.

Numerous imitations of the STEWART STOVE having appeared in the market during the past few years and, of late attempts having been made to counterfeit the name or trade mark, it is deemed highly important that the public should know how to distinguish the genuine article when making purchase of a stove.

Ask for the genuine P P STEWART Stove and see that P P STEWART'S name is on the hearth plate of each Stove. The names of the only manufacturers, Fuller Warren & Co, are on each Stove. BEWARE OF COUNTERFEITS. For sale in Bangor only by ALBERT NOYES, Nos. 21 and 23 Central St. 1y26 eotf

TO HORSE OWNERS.

DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES, is unrivalled by any, and in all cases of lameness arising from Sprains, Bruises or Wrenching, its effect is magical and certain. Harness or Saddle Galls, Scratches, Mange, &c, it will also cure speedily. Spavin and Ringbone may be prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a radical cure. No case of the kind however is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease. Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned to which all horses are liable and which render so many otherwise valuable horses nearly worthless. See advertisement. sept30

Loan to the State of Maine.

TREASURER'S OFFICE, Augusta June 4 1861

IN accordance with a Resolve of the Legislature approved April 25 1861 making provision for calling into the actual service of the United States a portion of the Militia of this State proposals will be received at this office until the 20th day of June next for a loan of three hundred thousand dollars, reimbursable in ten years for which bonds of the State will be issued in sums not less than five hundred dollars each bearing interest at the rate of six per cent yearly and payable semi annually. The bonds will be issued dated July 1 1861, with coupons attached for the semi annual interest, payable both principal and interest at the Suffolk Bank Boston, and will bear the seal of the State, be signed by the Treasurer, countersigned by the Governor and attested by the Secretary of State. The money on said loan will be received at this office, Suffolk Bank Boston or either of the Banks in Bangor or Portland.

Persons desirous of taking the loan or any part of it not less than five hundred dollars are requested to send their proposals to the Treasurer of State at Augusta specifying the amount and terms. The proposals must contain no other fractional rates than one fourth, one half or three-quarters of one per cent. Those persons whose proposals may be accepted will be immediately notified.

NATHAN DANE, Treasurer of State. june7 2w

PERUVIAN SYRUP, [partly illegible]

OR PROTECTED

SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for

DYSPEPSIA,

Or Impaired and Imperfect Digestion;

FOR THE CONSEQUENT

DETERIORATION OF THE BLOOD;

AND FOR THE FOLLOWING

FORMS OF DISEASE,

Most of which originate in

DYSPEPSIA

LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS, PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING

A TONIC AND ALTERATIVE MEDICINE.

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically CURES diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A. A. HAYES, M. D., of Boston.

It is well known that the medicinal effects of Protoxide [illegible] are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the PERUVIAN SYRUP this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN, and this [illegible] replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

A. A. HAYES, Assayer to the State of Mass.
16 [illegible] Boston.

Certificate of Jas. R. Chilton, M. D., of N. York.

It [illegible] that it has been found very [illegible] ALATABLE form, for a desirable [illegible] of the Protoxide of Iron.— [illegible] I am pleased to say, accom[illegible]

JAMES R. CHILTON, M. D., Chemist.
93 Prince Street, New York, Aug. 8, 1859.

Certificate from well known Citizens of Boston.

The [illegible] having experienced the beneficial effects of the PERUVIAN SYRUP do not hesitate to recommend it to the attention of the public.

Rev. J. [illegible]	Peter Harvey,
[illegible]	James C. Dunn,
S. [illegible]	Samuel May,
[illegible]	Rev. Thos. Whittemore.

Certificate from well known Citizens of N. York.

New York, Nov. 17th, 1859.

The experience [illegible] of the PERUVIAN SYRUP [illegible] evidence which it has been exhibited [illegible] in the cure of many diseases, satisfy us that it is a medicinal agent of remarkable power and deserving the attention of invalids.

ATWOOD'S Quinine Tonic BITTERS,

The Best Aromatic Tonic ever offered to the Public

Recommended by the Faculty

For its Superior Medicinal Qualities!

THIS elegant Compound which has secured the confidence and endorsement of most of the leading Physicians of New England is a palatable and efficient form of *Quinine* containing all the peculiar virtues of PERUVIAN BARK carefully combined with various *tonics* and *stomachics* and cannot fail to meet the wants of the debilitated.

It is a mild *tonic* to the stomach increasing the appetite assisting digestion pre-eminently good in dyspepsia, strengthening and invigorating to the digestive and nervous systems after prostrating diseases and in fever and ague, or kindred complaints its aid is invaluable.

For diarrhœa, dysentery and cholera morbus the public may rest assured there is nor can be any better general remedy.

One of the very best physicians in Boston has said "*that it is the very best preparation of Bitters that has ever been offered to the public.*"

Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

For further particulars reference is made to the printed circular.

For sale by CHA'S H. ATWOOD, 19 Central st. Boston, and by druggists everywhere.

A Card to the Public.

THE amount of bodily and mental suffering [illegible] from a neglect of small complaints is incalculable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailment should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified form. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

HAVE NOW BEEN BEFORE THE PUBLIC FOR A PERIOD OF 30 YEARS, AND DURING THAT TIME HAVE MAINTAINED A HIGH CHARACTER IN ALMOST EVERY PART OF THE GLOBE FOR THE EXTRAORDINARY CURATIVE PROPERTIES WHICH THEY POSSESS.

IN MANY THOUSANDS

Of certified instances, they have even rescued sufferers from the very verge of an untimely grave after all the deceptive nostrums of the day have invariably failed. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

MOFFAT'S LIFE PILLS!!!

Are composed of Vegetable ingredients exclusively as can be ascertained by chemical tests. Their prominent qualities are those of an active and searching though perfectly mild and agreeable detergent aperient, of a gentle soporific promoting the insensible perspiration, of a pleasant diuretic invigorating the kidneys and bladder and of a delightful tonic cardiac exciting appetite by the demands of active digestion and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature.

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and health as it were from the very ashes of the most dilapidated constitution—are more strongly tonic and more immediately invigorating than the pills containing the same choice vegetable extracts as the latter in a different modification. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally operating slightly within three or four hours, and producing a decided sense of relief to the head and stomach and exhilarating the mind in even less time than this.

MOFFAT'S LIFE PILLS!

IN AFFECTIONS OF THE HEAD, SICK HEADACHE OR NERVOUS HEADACHE, THESE PILLS WILL BE FOUND TO POSSESS THE MOST SALUTARY EFFICACY.

Moffat's Phœnix Bitters!

HAVE BEEN HAPPILY USED FOR THE CURE OF FEVER AND AGUE WITH INVARIABLE SUCCESS.

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

☞ A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile the body is constantly costive. On the other hand an over abundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the early stages of Bilious Complaints and if persevered in strictly according to directions will positively effect a cure.

PILES! PILES!! PILES!!!

As a remedy for this most distressing and obstinate malady the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation.— It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty-five years* and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public and he was cured in a very short time after his recovery had been pronounced not only improbable but absolutely impossible by any human means.

MOFFAT'S

Life Pills and Phœnix Bitters

CURE DYSPEPSIA by thoroughly cleansing the first and second stomachs and creating a flow of pure healthy bile instead of the tale and acrid kind. *Flatulency, Loss of Appetite, Heartburn, Headache, Ill Temper, Anxiety, Languor* and *Melancholy* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

THE LIFE MEDICINES

For bilious and liver complaints with many well known attendants bilious and *sick headache, pain and oppression after meals, giddiness, dizziness, heartburn, loss of appetite* are acknowledged to be vastly superior to any thing ever before offered to the public.

MERCURIAL DISEASES

Persons whose constitutions have become impaired by the injudicious use of Mercury will find these Medicines a perfect cure as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA

The most horrible cases of *Scrofula* in which the Face, Bones and Limbs of the victim had been preyed upon by the insatiable disease are proved by undeniable authority the sufferers themselves to have been completely cured by these purely Vegetable Medicines after all others had been found more than useless.

Acute or Inflamatory Rheumatism

Anthrosia Chronica, or Chronic Rheumatism!

These diseases which are among the most painful, and by ignorant treatment the most inveterate to which suffering humanity is liable are cured speedily and permanently CURED, by a proper course of the LIFE PILLS and PHŒNIX BITTERS.

MOFFATS PILLS & BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful but let us inquire Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system.

Because they act powerfully upon the secretions of the body and remove all impurities at once.

Because they do not reduce the system, but invigorate it—thus requiring no restraint upon pleasure or business during their operation.

☛TRY MY MEDICINES!!!

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OAKLAND, Ind., 6th June 1859.

J. C. AYER & CO. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. [illegible] Your Sarsaparilla [illegible] Another [illegible] his nose and the [illegible] and I [illegible] will reach his brain and kill him. But it yielded to my administration of your Sarsaparilla [illegible] treated for the same disorder by mercury, was suffering from this poison in his bones. They had become so sensitive to the weather that on a damp day he suffered excruciating pain in his joints and bones. He, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & CO. Lowell, Mass.

Sold in Bangor by WARREN L. ALDEN & Co. and by W. H. PHILLIPS, Portland Wholesale Agent for Maine. sept 60 3tawd&w

FILE CUTTING!

I WISH to inform the public that I still continue to re-cut Old Files and Rasps, of every description, which I will *warrant* to do as much work as new ones, at from one half to two-thirds the cost. I have also on hand a large stock of new and re-cut Files, which I will sell very low for cash.

I would particularly recommend for those using Filing Machines to try my new pattern of MILL FILES, made expressly for these Machines.

All old Files sent to be recut or orders for Files, will be promptly attended to.

JOB COLLETT,
Exchange Street, foot of York.

PROF. WOOD'S

RESTORATIVE CORDIAL [partly illegible]

AND

BLOOD RENOVATOR,

Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilirating and strengthening to the vital powers— It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all. So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilirating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those combined having powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attack of many of the most dangerous diseases to which poor humanity is constantly liable. Such, for example as the following: Consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypocondria, night sweats, langour, giddiness, and all that class of cases so fearfully fatal if unattended to in time, called *female weaknesses and irregularities*. Also liver derangements or torpidity, and liver complaints, diseases of the kidneys, scalding or incontinence of the urine, or any general derangement of the urinary organs, pain in the back, side and between the shoulders, predisposition to slight colds, hacking and continued cough, emaciation, difficulty of breathing, and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following chills and fever but prevent all attacks arising from Miasmatic Influences and cure the diseases at once if already attacked. And as it acts directly and persistently upon the biliary system arousing the liver to action promoting in fact all the excretions and secretions of the system, it will infallibly prevent any deleterious consequence following upon change of climate and water, hence all travelers should have a bottle with them and all should take a table spoonful at least before eating. As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men. And all ladies not accustomed to much out-door exercise should always use it. If they will they will find an agreeable, pleasant and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health and health cannot exist while the above irregularities continue. Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial she will pass the dreadful period with perfect ease and safety. *There is no mistake about it, this cordial is all we claim for it. Mothers try it.* And to you we appeal to detect the illness or decline not only of your daughters, before it be too late, but also your sons and husbands, for while the former from false delicacy often goes down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path until too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof. Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need. O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists.

☞ Price One Dollar per bottle.

GARDINER'S Rheumatic and Neuralgia COMPOUND!

A certain safe and permanent cure for Rheumatism, Neuralgia and Salt Rheum. It is an internal remedy driving out and entirely eradicating the disease, requiring no change in diet or business and may be taken by children and persons of the most delicate constitutions with perfect safety.

TESTIMONIALS.

Gardiner's Rheumatic & Neuralgia Compound is the best medicine for the disease I ever saw.

CHAS. A. SMITH, No. 1 Old State House, Boston.

After suffering with Rheumatism twenty years and being confined to my bed several weeks last spring, I was entirely cured by the use of one bottle of Gardiner's Rheumatic & Neuralgia Compound.

NORMAN T. AYRES, 3 Franklin st. Boston.

Having been a constant sufferer from Neuralgia for eighteen months and been driven by excruciating pain to the trial of numberless remedies without obtaining relief, I was induced to try Gardiner's Rheumatic and Neuralgia Compound. I have taken but one bottle and am entirely well.—D. D. BAXTER, Dry Goods Dealer, No. 3 Appleton Block, Lowell, Mass.

I have been afflicted with Salt Rheum in its worst form for a long time and suffered more than can be imagined except by those similarly afflicted. I tried one bottle of your Comp'und and can honestly say that I believe myself entirely cured. JOHN A. MORSE, Pearl Street House, Boston, Mass.

"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of sufferings of several years' standing. W. E. HUTCHINS, No. 1 Old State House, Boston.

My son, ten years of age, has been for three years a great sufferer from Salt Rheum, his hands covered with sores and in constant pain; one bottle of your Compound cured him. J. W. HAMMOND, 33 Milk st., Boston.

"Gardiner's Rheumatic & Neuralgia Compound" has entirely cured me of Neuralgia. W. C. THOMPSON, Proprietor Pearl st. House, Boston, Mass.

One half a bottle of your Compound cured me of a severe attack of Neuralgia. FANNIE S. THOMPSON, Pearl st. House, Boston.

I certify that my friend Wm. T. Glidden, Esq., presented me with a bottle of "Gardiner's Rheumatic Compound" in 1856, when I was suffering with a painful attack of Neuralgia and Rheumatism, and that it proved to be of decided benefit. ALBERT SMITH, Ex-Member of Congress from Maine.

The undersigned hereby certify that they have used "Gardiner's Rheumatic and Neuralgia Compound" for the cure of Rheumatism and Neuralgia and found in every case immediate and permanent relief. We have full confidence in its healing qualities and would recommend it to all who are afflicted with these harassing diseases as one of the safest and most effectual medicines ever offered to the public.

S. HANCOCK, Jr., 10 So. Market street, Boston.

ON THE TOP OF EACH BOTTLE OF

HEIMSTREET'S INIMITABLE

HAIR RESTORATIVE

Has the Signatures of the Proprietors,

W. E. HAGAN & CO.

EVERY article which has a large and increasing sale like this is liable to be counterfeited. It is, as its name indicates, entirely INIMITABLE as far as its power to restore the hair on bald heads and to give it the color of youth (no matter how grey it may be) is concerned.

USE NO OTHER RESTORATIVE BUT HEIMSTREET'S

It is the *original*, the *only reliable* and the *cheapest*. ☞ See the following testimony:

JACKSON, Miss., May 29, 1860.

W. B. Merwing, 61 Market street, St. Louis, Mo., Advertising Agent for Heimstreet's Hair Restorative.

Dear Sir:—The Medicines you introduced into our city last winter are all having a great sale and giving every case satisfaction. Mr. James Henderson, one of our first citizens, says that he has used all the Hair Dyes and Restoratives of the day, but has never used an article equal to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. That it far surpasses any preparation that he has ever tried for restoring the hair of the bald and gray to its original luxuriance and beauty." You can write the proprietors W. E. Hagan & Co., Troy, N. Y., that they have the cheapest and best Hair Restorative in our market and that it gives satisfaction in every case. Respectfully yours,

J. S. SIZER, Wholesale Druggist.

IT IS UNEQUALLED FOR PRODUCING

A LUXURIANT HEAD OF HAIR

NEWSPAPERS

INDICATE PUBLIC OPINION.

Usually cautious there is great confidence to be placed in

A RELIABLE NEWSPAPER.

FROM THE

NEW ORLEANS TRUE DELTA

"There seems to be no excuse for thin or gray Hair now that the celebrated HEIMSTREET'S INIMITABLE RESTORATIVE can be had."

FROM THE

CLEVELAND PLAIN DEALER

"When people can protect their Hair from the tell tale marks of age, when they can luxuriate in glossy black locks at an advanced period of their lives, when white and gray Hair can be turned to a beautiful black or auburn, when hair can be made to grow upon bald heads, when all this can be done, it cannot do any harm to tell what will do it.— HEIMSTREET'S HAIR RESTORATIVE will do it. This Hair Restorative is beyond peradventure the best thing of the kind ever invented. The facts in our possession in regard to it warrant our preparation warrant us in unqualifiedly recommending it."

FROM THE

ST. LOUIS REPUBLICAN

"Many of our first citizens of St. Louis are speaking in glowing terms of this article."

FROM THE

CAIRO CITY GAZETTE

"This incomparably excellent preparation for the Restoration of grey Hair to its original color, preserves Hair from falling out and to cure baldness is on sale at Humphrey & Brown in this city. The evidence that this Restorative is no Humbug is conclusive. Testimonials to that effect may be found in almost every paper in the country."

FROM THE

SOUTH WESTERN BAPTIST

"Leave dyes alone and use only some *reliable* Restorative like Heimstreet's Inimitable."

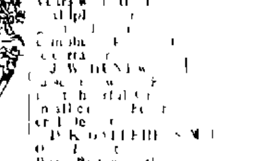
Such News we [illegible] FULL DIRECTIONS [illegible]

Sold [illegible] which [illegible]



MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it mothers, it will give rest to yourselves and

Relief and Health to your Infants.

We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years' experience, AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED AND SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic,

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your prejudices, nor the prejudices of others*, stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

☞ Sold by Druggists throughout the world.

Principal Office 13 Cedar street, New York.

Price only 25 cents per bottle.
